Pennsylvania Free Enterprise Week 2017

Presented by

The Foundation for Free Enterprise Education

Thank you for your interest in being a **Company Advisor (CA)** for the **2017 Summer Pennsylvania Free Enterprise Week Program**. Since PFEW's birth in 1979, over 40,000 students have participated in this hands-on experience to learn about business, teamwork, leadership, and other career and life skills. In addition, over 2,500 dedicated business volunteers have helped to create the "Seven Day Wonder" that is **PFEW!**

As a Company Advisor (CA), you will mentor a team of high school students and have the opportunity to enhance your own leadership skills while you share your personal expertise and experiences.

Each week-long session blends the experience of returning CA's with the fresh perspectives and ideas of new Advisors (typically 20% new Advisors each week). This commitment to be a mentor for a student team (17-19 students per team) brings a variety of opportunities to:

- engage in intergenerational and mentoring relationships with future business leaders;
- network and share experiences with other business professionals and establish life-long business connections;
- enhance and practice your leadership skills, including those in communications, creative and critical thinking, and collaboration;
- be a catalyst and contributor to life-changing experiences guaranteed to impact students;
- **and, by the way - have FUN!**

The CA role is **a professional development experience unlike any other**. You will gain invaluable business insights and learn new techniques while at the same time practice your professional skills and expand your career and community leadership capacity. For a sneak peek of what you will be treated to during your exciting *PFEW Journey*, visit our website (www.pfew.org) and click on *Our Organization* and *About Us* to see a video about PFEW.

Join us in 2017 and help make Pennsylvania Free Enterprise Week a positive and life-changing experience for the next generation of future leaders.
See you next summer!

"Our Advisor was exceptional. He managed to help our team stay on track and offered critical advice during the simulation, while still affording us the freedom to make our own decisions and oversee our own team. I feel like I have learned so much about finance and leadership, and I believe that a great deal of that learning would not have occurred without a Company Advisor as great as he was." - 2016 Student Participant

Pennsylvania Free Enterprise Week 2017 Summer Volunteer Information

What is PFEW? Presented by the Foundation for Free Enterprise Education, PFEW is a unique and challenging program designed for incoming high school juniors and seniors. You will spend a week on a college campus with other business volunteers from around the country as you help teens learn about business, teambuilding, leadership, and life skills. Over 40,000 students are now PFEW alumni and many testify to the "change" the week made in their lives!

Company Advisor (CA) Role

As a Company Advisor (CA) you will mentor a team of 17-19 high school students. Teams work in a computer simulated environment to learn real life principles in finance, marketing, production, planning, project management and other business areas. Your role is to engage, educate and empower the students to be involved in the activities. The team will greatly benefit as you: share your experiences and expertise, ask engaging questions, and provide feedback on the team's involvement and interactions.

CA Preparation

A full day CA Introduction session will be held in early June for new CAs. **On the Saturday before each program**, all CAs for that week **must** attend the on-campus Orientation to review program curriculum and corresponding CA responsibilities. Curriculum and the week's schedule are discussed, along with the computerized business simulation. PFEW staff and returning Company Advisors are available to share their past experience and answer questions.
