“I wanted to let you know that my son had a very good time during the PFEW camp. I think it was probably a true tipping point for him. He has not been very motivated to think about the future. He knew he wanted to go to college but I can see that this experience has made an impression on him and he is thinking about things differently. I know this has changed his perspective on so many things! Thank you for this very valuable opportunity.” -Patty Jurgensen, Mother of Jesse Jurgensen, Souderton HS

“To me, this program is literally a once-in-a-lifetime opportunity. It genuinely feels that this program is so rich in learning experiences that to go through it again would take away the uniqueness of this experience. PFEW is an amazing source for digging out potential in all of us.” – Peyton Bramble, Carlisle HS

“I knew that this would be something different than any other summer camp that I knew of. All I can say is that this was one of the best decisions I have ever made. I have made relationships that will last for years. Overall, PFEW will be something that I will always remember. I’ll always encourage everyone to attend this camp, because it will change your life. It is because of people like you that we can give hope to our country as the next generation of leaders.” – Hayley Ripple, Rocky Grove JSHS
